CHEMOPHOBIA

a

Chemophobia: views of European consumers
(*n* = 5,631)

CHEMOPHOBIA

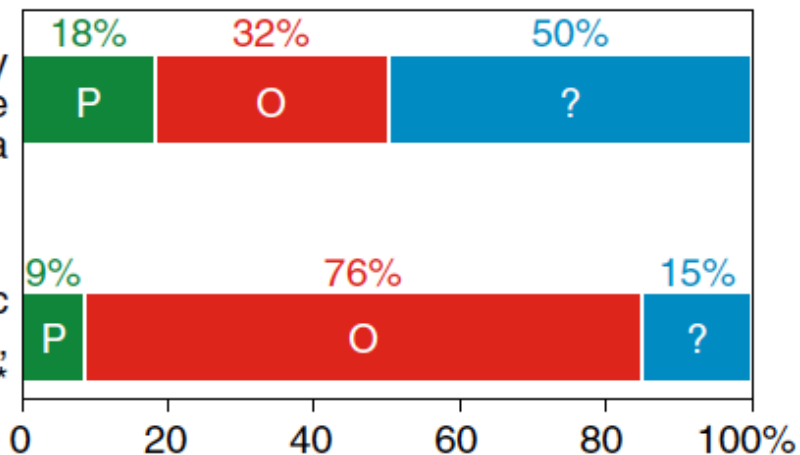

b

Knowledge of European consumers
($n = 5,631$)

The chemical structure of the synthetically produced salt (NaCl) is exactly the same as that of salt found naturally in the sea

Being exposed to a toxic synthetic chemical substance is always dangerous, no matter what the level of exposure is*

*Incorrect statement (reverse-coded)

P Correct response **O** Incorrect response **?** Don't know

PARACELSUS (1493-1541)

THEOPHRASTUS PHILLIPPUS AUREOLUS BOMBASTUS VON HOHENHEIM

Omnia venenum sunt:

nec sine veneno

quicquam existit,

dosis sola facit

ut venenum non sit
