

PERSONAL INFORMATION

Barbara Viviani

WORK EXPERIENCE

- 2017-2019 **Chair of Bachelor, Chemical Safety and Toxicological Environmental Sciences**
Department of Pharmacological and Biomolecular Sciences (DiSFeB) – University of Milan
http://www.farmacia.unimi.it/CorsiDiLaurea/2018/E17of1/index_ITA_HTML.html
- Business or sector Education
- Member of the Executive Committee of the Italian Society of Toxicology
<https://www.sitox.org>
- Business or sector Education and science promotion
- 2015- now **Review Editor**
Frontiers in Molecular Neuroscience
www.frontiersin.org
- Revision of submitted articles
- Business or sector Neuroscience
- 2014- 2019 **Scientific Expert**
European Food Safety Authority Via Carlo Magno 1A, 43126 Parma, Italy
<http://www.efsa.europa.eu/it/>
- WG Member – collaborating with Scientific Panel on Contaminants in the Food; (CONTAM) Scientific Panel on Plant Protection Products and Their Residues (PRAS)
- Business or sector Food Safety
- 2011- 2015 **Review Editor**
Frontiers in Immunology
www.frontiersin.org
- Revision of submitted articles
- Business or sector Immune Science
- 2016- now **Associate Professor**
Department of Pharmacological and Biomolecular Sciences (DiSFeB) – University of Milan
<http://www.disfeb.unimi.it/ecm/home>
- Group leader of the Unit of Neurotoxicology, Tenure of courses at the Faculty of Pharmacy (Toxicology, Toxicology I)
- Business or sector Research and Education
- 2006 - 2016 **Assistant Professor**
Department of Pharmacological and Biomolecular Sciences (DiSFeB) – University of Milan
<http://www.disfeb.unimi.it/ecm/home>
- Group leader of the Unit of Neurotoxicology, Tenure of courses at the Faculty of Pharmacy (Toxicology, Cellular Toxicology, Strategies for testing potential neurotoxicity of chemicals, Methods in the use of psychotropic drugs, Drugs in children and the elderly,)
- Business or sector Research and Education

- 2006 - 2016 **Assistant Professor**
Catholic University Our Lady of Good Counsel, Tirana, Albania
<http://www.unizkm.al/index.php/it/>
Tenure of the course in Toxicology at the Faculty of Pharmacy
Business or sector Education
- 2004 - 2005 **Research Fellow**
Department of Pharmacological and Biomolecular Sciences (DiSFeB) – University of Milan
<http://www.disfeb.unimi.it/ecm/home>
Group leader of the Unit of Neurotoxicology, Lecturer in institutional courses of the Faculty of Pharmacy, University of Milan
Business or sector Research
- 1996 - 2003 **Post-Doc**
Department of Pharmacological Sciences – University of Milan
Development of the project entitled "Role of glia-neurons cross-talk in xenobiotics induced neurodegeneration". Lecturer in institutional courses of the Faculty of Pharmacy, University of Milan
Business or sector Research

EDUCATION AND TRAINING

- 2015 **EFSA Systematic review training**
Sessions attended: Full process; protocol development; data extraction, heterogeneity, meta-analysis)
European Food Safety Authority Via Carlo Magno 1A, 43126 Parma, Italy
<http://www.efsa.europa.eu/it/>
- EFSA Adverse Outcome Pathway Course**
European Food Safety Authority Via Carlo Magno 1A, 43126 Parma, Italy
<http://www.efsa.europa.eu/it/>
- EFSA Benchmark Dose Modelling**
European Food Safety Authority Via Carlo Magno 1A, 43126 Parma, Italy
<http://www.efsa.europa.eu/it/>
- 1994 **PhD in Experimental Medicine, Environmental and Food toxicology**
University of Milan
- 1992- 1994 **PhD student**
Institute of Environmental Medicine- Karolinska Institute
Research topic: neurotoxicity of mercury and organotin compounds, molecular mechanisms ruling calcium homeostasis and apoptosis
Business or sector Research
- 1990- 1992 **PhD student**
Department of Pharmacological Sciences – University of Milan
Research topic: molecular mechanism of skin toxicity, alternative methods to assess skin toxicity
Business or sector Research

1983- 1989

Degree in Biological Sciences

University of Milan

Education in Biological Sciences- 2 years of an experimental thesis on "biochemical correlates of the autonomic enteric neuropathy in the experimental diabetes"

Business or sector Research**ADDITIONAL INFORMATION****Publications**

1. M. Marinovich, **B. Viviani**, C.L. Galli. **Reversibility of tributyltin-chloride-induced protein synthesis inhibition after ATP recovery in HEL/30 cells.** *Toxicology Letters*, 1990, 52, 311-317. ISSN:0378-4274
2. C.L.Galli, **B. Viviani**, G. Casartelli, M. Marinovich. **ATP and protein synthesis-assay to evaluate the toxicities of preservatives in vitro.** *ATLA-Alternatives to laboratory animals*, 1991, 19, 60-67. ISSN:0261-1929
3. **B. Viviani**, M. Marinovich, C.L. Galli. **Photoprotection exerted by sunscreens in a human cell line after UV damage.** *ATLA–Alternatives to laboratory animals*, 1992, vol 20, 108-115. ISSN: 0261-1929
4. C.L. Galli, **B. Viviani**, M. Marinovich. **Cell cultures: a tool for the study of mechanisms of toxicity.** *Toxicol. in Vitro*, 1993, 7, 559-568. ISSN:0887-2333
5. M. Marinovich, **B. Viviani**, C.L. Galli. **The predominant role of surfactants in the modulation of toxicity of detergent products. An "in vitro" analysis of shampoos.** *Toxicol. in Vitro*, 1994, 8, 91-98. ISSN:0887-2333

2. **B. Viviani** and M. Marinovich. **Cytokines in neuronal-glial interaction. The role of glia in Neurotoxicity**, Second Edition. Eds M. Aschner and L.G. Costa. CRC Press, 2005, pp. 125-140
3. **B. Viviani.** **Preparation and co-cultures of neuron and glial cells.** *Current Protocols in Cell Biology*, Ed. Joe B. Harford, John Wiley & Sons, 2006, 2.7.1-21
4. M.S Boraso and **B. Viviani.** **Glia-Neuron Sandwich co-cultures: an in vitro approach to evaluate cell-to-cell communication in neuroinflammation and neurotoxicity.** In vitro Neurotoxicology, methods and protocols. Eds.L.G. Costa, G. Giordano, M. Guizzetti, Humana Press, 2011, 758, 135-152

Presentations

Selected Oral Presentation

Invited Speaker

- .Neuron-glia connection in neurodegeneration. Lundbeck, 15 July 2002, Copenhagen, Denmark
- .Histone deacetylase inhibitors in therapy: an advantage for the central nervous system? Italfarmaco, 5 May, 2009, Milan, Italy
- .Cytokines, ion channels and neurotoxicity: the importance of intracellular targeting. International Research Training Group (IRTG 1331), 8-11 May, 2009, Wildhaus, Germany
- .Cytokines and neuronal channels: A molecular basis for neuronal function declining? Cajal Institute, 17 June, 2011, Madrid, Spain
- . Pro-inflammatory cytokines in the nervous system: beyond the control of the immune response. Centre of Integrative Genomic, University of Lausanne, 25 September 2015, Switzerland

Symposia – International Congresses

- 1.Differential effect of triorganotins on Ca²⁺ signaling in PC12 cells.
NATO Advanced Study Institute, Modulation of cellular responses in toxicity. January 24-February 3, 1994, Ponte di Legno
- 2.In vitro techniques for the assessment of neurotoxicity.
Cell cultures models in toxicology - International Course, 26 – 31 October 1997, Brescia, Italy
- 3.Glia increases trimethyltin cytotoxicity in hippocampal cells through TNF-□ release.- Eurotox 96, September 22-25, 1996, Alicante
- 4.A protease substrate triggers glial activation during neural cell death. EURESCO Conference on Mechanisms in Toxicity. April 7-12, 2000, San Felieu de Guixol. Spain
- 5.Glia role in HIV-gp 120 neurotoxicity. 8th Meeting of the International Neurotoxicology Association. 17-22 June, 2001, Estoril
- 6.Cytokines role in neurodegenerative events.
41st Congress of the European Societies of Toxicology EUROTOX 2003, 28 September- 1 October 2003, Florence, Italy
- 7.Cytokines and neuronal channels in disease.
IX Workshop on apoptosis in biology and medicine, 13 September 2006, Parghelia, Italy
- 8.Role of cytokines in glutamate receptors localization at synapses.
- 9th International Neuroscience Winter Conference, 24-29 Marzo 2007, Soden, Austria
- 9.Proinflammatory cytokines, glutamatergic system and neurotoxicity.
XII International Congress of Toxicology (IUTOX 2010), 19-23 July, 2010, Barcellona, Spain
- 10.Cytokines and neuronal ion channels: a molecular basis for age-related decline of neuronal function?
Neurobiology and Neuroendocrinology of Aging, 25-30 July, 2010, Bregenz, Austria
- 11.The role o pro-inflammatory cytokines and the glutamatergic system in the progression of neurodegenerative diseases.
Clinical and Diagnostic Topics on CNS and Inflammation, 12 October, 2010, Milan, Italy
- 12.Interleukin-1beta, NMDA receptors and neurotoxicity.
Neurocon 2011, 29-31 January, 2011, Kolkata, India
- 13. Differenze sessuali di vulnerabilità allo stress durante lo sviluppo: ruolo della neuroinflammazione e implicazioni nella psicopatologia / Sex differences in stress vulnerability along development: role of neuroinflammation and psychopathological implications Percorsi Internazionali di Studio in Psichiatria. 15-17 November, 2012, Rome
- 14.Early life stress immunologically primes the synaptic spine for late-onset degeneration: relevance for neurotoxicity. Neurodevelopmental basis of health and disease. 14 Meeting of the International Neurotoxicology Association. 9-13 June, 2013, Egmond an Zee, Holland
- 15.How neurons adapt to sense glial response: the role of Interelukin-1 receptor type I.
XI European Meeting on Glial Cells in Health and Disease, 3-6 July, 2013, Berlino, Germany
- 16. Correlati biochimici della vulnerabilità allo stress durante lo sviluppo: ruolo della risposta neuroinflammatoria e implicazioni nella psicopatologia/Biochemical correlates to stress along development: role of the neuroinflammatory response and relevance in psychopathology 18° Congresso della Società Italiana di Psicopatologia (SOPSI). 12-15 February, 2014, Turin
- 17. How neurons adapt to sense inflammation: focus on IL-1 signaling. An In Vivo perspective.
International Conference on "Development, Degeneration and Regeneration of Neurons : Neurochemistry to Clinical Neurology". 7-10 January 2015, Haldia, India
- 18.AOP: Possible pathways of toxicity induced by exposure to paraquat that cause symptoms of Parkinson disease. XIV International Congress of Toxicology. 2-6 Ottobre 2016, Merida, Mexico.
- 19. Neuroinflammation as a biological process connecting early life exposure to toxicants and later cognitive outcomes. 53rd Congress of the European Societies of Toxicology (EUROTOX 2017). Bratislava, Slovakia, 10-13 Settembre 2017
- 20. Infiammazione perinatale e ricaduta sullo sviluppo neuronale: possibili meccanismi molecolari coinvolti/ Perinatal inflammation and impact on neurodevelopment: molecular mechanisms. 22° Congresso della Società Italiana di Psicopatologia (SOPSI). 21-24 February, 2018, Rome

Projects

Selected

JPI "A Healthy Diet for a Healthy Life – Joint Action Nutrition and Cognitive Functions – 2015

SELENIUS- Selenium in early life to enhance neurodevelopment in unfavourable settings - 36 months

European Food Safety Authority – Tender OC/EFSA/PRAS/2015/07 - 2016

Literature review and appraisal on alternative Neurotoxicity testing methods – 19 months

Fondazione Italiana Sclerosi Multipla – Bandi FISM 2010

Valutazione degli effetti protettivi degli steroidi neuroattivi nel modello della encefalomielite autoimmune sperimentale - 12 months

Ricerca Indipendente-Regione Lombardia - Bando 2009

Understanding the interaction between inflammatory/protective factors profile in stroke patients to design a novel therapeutic and prognostic approach - 24 months

EU-Specific Target Research Project- SOUTH/LSHM-CT-2006-037498

Application-oriented studies on regulatory networks involved in lipid homeostasis and atherosclerosis - 36 months

CNR-FISR CU.03.00176 e 04.00172

"Physiopathology of the nervous system: biomedical and biotechnological aspects" - 22 months

Programma FIRB-RBAU01AR5J - 2003-2005

Neuro-immune mediators in the rising and propagation of neural damage - 24 months

COFIN- 2003

Identification and functional significance of genes modulated by different histone deacetylase in mouse embryos -24 m

CNR-CT98-00779.CT13.115.34191

Characterization and modulation of cytotoxicity of environmental contaminants 12 months

CEE Environment Programme EV5V-CT94-0508 – 1994- 1996

Development of new sensitive end-points to assess cytotoxicity and genotoxicity of environmental pollutants in the nervous system - 24 mesi

Honours and awards

2004 – 2005: Fellowship from the Nutrition Foundation of Italy for a study on molecular mechanisms of neuroinflammation, impact on neuronal survival**1999 – 2004:** Fellowship from the Italian Ministry of University and Research-University of Milan for a project entitled: "Role of glia-neurons cross-talk in xenobiotics induced neurodegeneration"**1996 – 1998:** Postdoctoral fellowship from the University of Milan**1993-1994 :** Fellowship from the Karolinska Institute of Stockholm for studies on the molecular mechanism of apoptosis**1992 – 1993:** Fellowship from the European Science Foundation to join the Karolinska Institute of Stockholm**1989 -1994:** PhD training fellowship from the University of Milan

Membership

Italian Society of Toxicology (SITOX)
